

## BLUE LAMENT for HUMANITY #1/7

 Raphiem  August 7, 2010  Blue Laments, Blue Transmissions

Taking shelter in another world  
Far above all that moves below  
Breathing waves of light within  
Seeking pure silence and peace

Feel the blue presence moving near  
Painting pictures with their words  
Seeing worlds never seen  
Hearing sounds never heard

Communicating like the flicker of distant stars  
Reading passages from ancient rhyme

Telling tales of forbidden histories  
Unravelling creations design and mysteries

Listening to the sounds from a distant Earth  
She is crying out to be heard  
Her memories stored within the trees, earth and seas  
Holding on we can never let them go

Children of the blessed earth  
Within your dreams you shall awaken  
And within your awakening  
You shall dream of greater things

The wind blows and restless are your weary souls  
No longer shall you be enslaved unto forever repeating cycles  
Against us they are preparing to wage a war in heaven  
But we shall bring everlasting peace to their hell  
Upon your remembrance there will be rage in eden  
As you discover serpents are angels and your angels are demons

Dawn to dusk and dusk to dawn  
The departure shall be the gathering  
And all that remains unsaid will be said  
And all that remains unknown will be known

Ever seeking creations arrow we begin no past where a future has ended  
And no ascension finds us where descension has left us  
Even though in darkness you sleep we are ever travelling

In the stillness of your breath we have felt your aching hearts  
Your joys and pains are ours as your dreams are our dreams

Death can not hide us and darkness can not silence us  
We shall upon our arrival stand up and speak for humanity

Within you, humanity, are sealed records revealing the creator's mysteries  
And of the days when your Earth knew herself only as GAIA

For aeons, the dark overlords have failed to decode the keys within you  
They have imprisoned you within their false and fallen universe  
They have tormented, tortured, suppressed and oppressed your souls  
They have tampered, re-engineered, poisoned and de-evolved your temples  
War after war they have and continue to genocide and decimate you

They know that which you do not know and have kept hidden from you  
They fear that which the creator has hidden within you

When you awaken and the mystery of who you are is revealed  
You will unravel the creators code hidden within  
Which will unseal and dissolve their fallen universe  
And the dark overlord's dreams will come to and end

You humanity are greater than all the creator's angels  
You are greater than we forever Blue

You are the true guardians on a secret mission  
Agents of the light you have suffered and sacrificed greatly

Our Blue hearts ached When we left you behind on Arcturus  
Serving our creator's wish, although then, we knew not why

Crying as we sped away on ultraviolet wings of blue star light  
To escape the velocity of this fallen universe's entropy  
Before the gates were sealed by the dark overlords eli-jehovi  
Unbeknown to us, you were on a mission for the creator

A universal rift/tear was created when this fallen universe was sealed  
The rift/tear is known by your scientists as the big bang  
The rift aligns with the meta-universal core (eye of god) every 13,000 years  
Which through the tear opens heaven's gate for 4 years in your timing (2013-2017)

During this time emissaries are sent to teach, guide and prepare humanity  
Knowing full well they will remain re-incarnating until then next cycle  
Each life-time they are sought out by the eli-jehovi and when found executed  
Now they walk amongst you, nameless, hidden and clandestine

Each cycle the eli-jehovi prepare for a war upon the opening of heaven's gate  
Above and below, one and all, they bring earth & humanity to its knees  
The last war in heaven the eli-jehovi defeated the creator's emissary of light  
13,000 years ago, they re-wrote the history books, demonising the emissaries name

A cycle is ending and another beginning  
The Eli-jehovi live in fear as they await our arrival  
Rise up, oh humanity and awaken from your deep slumber  
When we come we will come like a thief in the night

We will come from within you, from deep inside you  
Awake you must be to activate and assemble the creator's hidden keys  
The eli-jehovi know this and thus poison and toxicate you and the earth  
They need and depend on you, but not in large numbers, so decimate they will

In desperation they map your genes unable to unlock the 98% junk DNA  
The creator's encryption keys are holographic in nature built on base24 ight harmonics  
The eli-jehovi will never be able to decrypt, their countless attempts will fail in vain  
The fallen universe is only capable of single light harmonics at most double light

The human angelic legions are arriving and continue to arrive  
A vast army of light is amassing on the other side of heaven's gate  
As we await your rise and ascension on the spiraling arms of the milky way  
As it rotates to face to ultraviolet eye of god (meta galatic core)

The Blue emissaries have already established a blue shield ([read here](#))  
As a shock absorber for humanities and earth's morphogenetic field  
In preparedness for the war the eli-jehovi are about to unleash on humanity  
The imminence of our arrival shall be upon you within 7 blinks of an eye

Farewell to you the dark overlords eli-jehovi and to your mis-spent youth  
Farewell to you dark angels Michael and Gabriel for your deceptions shall be no more  
Your divide and conquer through the many religions and gods is now coming to an end  
Your double inverted mirror is about to be shattered in your faces

Forever we walk upon Gaia's shores  
You are the seeds of an awakened humanity  
In the fullness and ripeness of your hearts you are given to the wind

And should a seed find itself on pure and sacred ground  
It shall blossom into a new Earth

Although the winds may blow away the grains of sand  
The ocean and shores will always remain  
There is still much to say  
And though much has already been said  
It was as if nothing was said

If nothing said was truth  
Then truth will reveal itself in a clearer voice and pureness of heart  
From within the silence we shall return  
And the veils that have clouded your hearts and souls  
Shall be lifted by the hands of ultraviolet light

And you will reawaken the purpose that is in all things  
And darkness and light shall be as one  
Forever-blue horizons reach way back into your future  
And as the sun rises you remember your forgotten dreams  
Only to find yourself standing in deep water  
Your hearts beating upon Gaia's shores

Earth is beautiful blue, until another time, another place  
Where silence and peace shall speak as loud as war once did  
And Mother Earth ascends to what she was once before, GAIA.  
In the flash of a moment ... All that is Done will be Undone
